Traffic Fines - View, Challenge & Pay

21 May 2018

Traffic Fines

Lucid brings you, traffic fine information. View it online and in real time, for **FREE!**

Challenge fines that are incorrect! Get up to **50% discount**, when you pay online from our app.

Unpaid Traffic Fines Mean...

Unpaid traffic fines, may result in you being imprisoned, when stopped at a roadblock.

You will not be permitted to renew your driver's and vehicle's license.

Impact on Credit & Insurance

Not paying your traffic fines, means banks and lenders view you as a bad payer. This will negatively impact credit applications like a home loan or vehicle finance.

Unpaid traffic fines will show-up when insurers quote you on car insurance. Insurers will view you as a high risk and load your premium, if you have traffic fines for speeding, drunk & driving etc.

Lucid Convenience

Since unpaid traffic fines impact your credit applications and cost you more on insurance, it's in your best interest to have convenient, real-time access to this information. With the Lucid app, you get early, proactive notification of any fine against you. You can challenge incorrect or unlawful fines. And by using our integrated payment system, we get you a 50% discount on fines paid within 30 days of notice to you.

Saving you money and protecting your credit worthiness.

How it works

If you are already registered, to Lucid, for your **FREE credit report**, when you login to our app, you will now see a new tab "**Traffic Fines**". Click into the tab, and a list of all payable traffic fines will appear.

Each time you login, you can request an update to view any new fines.

Pay your fines by following the system prompts. You can pay by way of **secured credit card** or **EFT** payment options. Payments are cleared and settle immediately.

For anyone not registered on the Lucid System - what are you waiting for?

Get **FREE** credit reports for life and now **FREE** traffic fine information!

Lucid, always innovating, to save you money and protect your credit worthiness.
